

Kune - Defect #374

Background color when copying text from grey blips

10/14/2012 07:53 PM - Samer -

Status:	New	Start date:	10/14/2012
Priority:	Low	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Tags:	
Resolution:			
Description <ul style="list-style-type: none">- Alice is discussing things in a wave with other users- Alice copies some text from one of the blips that are comments (not the main blip, with grey background instead of white)- Alice opens another wave and pastes that text there, in the main blip- Alice is shocked: the pasted text has a grey background color <p>That is, when copying from a blip, if the background of the font is the same one as the color of the blip, it should be copied with no background.</p> <p>PS: This is particular to Kune, not to Wave, as WIAB does not change the background color of the comments.</p>
