<b>Description</b>			
<p>In user settings, although "General", "Security" and "Avatar" are very clear, others are not. "Tools", "Style" and "License" refer to the user's personal space. However, messages refer to</p> <ul style="list-style-type: none"><li>- "the tools used" (in general?),</li><li>- "Change this workspace theme" (which workspace?),</li><li>- "license for all the contents of this group" (group?).</li></ul> <p>Besides, I would</p> <ul style="list-style-type: none"><li>- exchange order of Avatar and Tools, so Tools+Style+License all refer to the same personal space.</li></ul> <p>PS: I mark this as "easy"</p>
